

IMAGINE...

...you are 11 years old and growing up fast. You've had a break to recharge and are ready for a new challenge. You know which school you have been given and are about to start a new and exciting chapter in your life.

BUT...

You are nervous about starting a new school year and meeting new class mates. You have very few of the supplies the school says are needed and you don't have a bag to put your books in. Your family have fallen on hard times so you have no money to buy what you need, and you're worried about others noticing. You're scared of what to say should they ask and are desperate to fit in.

YOU CAN HELP BY DONATING TO THE BAGS 4 SCHOOL APPEAL
