

Make your own mini Stripey

To make your very own mini Stripey, you will need:

1. A toilet roll.
2. A piece of orange paper or card, or you can use white and colour it orange.
3. Two small circles of white paper to make eyes, or googly eyes if you have them.
4. Yellow, blue and orange scrap paper (or white paper and colouring pens in these colours).
5. Glue
6. Scissors

You might like to use the templates that Caitlyn has provided too.

Watch Caitlyn's video, or follow these simple steps:

Step 1: Cover toilet roll with orange paper.

Step 2: Cut a tall, thin diamond shape from a small piece of yellow paper, fold into a beak and stick it on.

Step 3: Stick on the two eyes.

Step 4: Make the two wings:

Cut out 2 larger yellow shapes, 2 medium blue ones and then 2 small yellow ones. Stick them together and then glue the wings on to either side of Stripey's body.

Step 5: Cut two thin strips of orange paper for legs and use a blue felt tip to add your stripes.

Step 6: Cut out two blue feet and stick on to one end of the legs, fasten the other end of the legs to Stripey's body.... And now you have your own mini Stripey!

We'd love to see your mini Stripey! Upload to Facebook, Twitter and/or Instagram with the hashtag #Stripes4Stripey2020 and don't forget to tag us @StripeyStork.
