

To make your very own Stripey Stork (or other cute bird) bookmark, you will need:

1. A piece of square orange paper (approx. 21 x 21 cm)
2. Yellow, blue and white scrap paper (or colouring pens in these colours)
3. A pen
4. Glue
5. Scissors

Watch the video to see how to fold it, or follow these simple steps.

**Step 1:** Fold your square paper in half to make a triangle.

**Step 2:** With your triangle pointing upwards, fold each side corner to meet the top corner.

**Step 3:** Unfold the two corners you just made in step 2. Then fold one layer of the top triangle down to meet the bottom of the triangle.

**Step 4:** Fold each side of the triangle up again (as in step 2) and tuck the points into the pouch you made in step 3. Your bookmark is ready!

**Step 5:** From your scrap papers, cut out two white circles for eyes, a yellow beak, two yellow wing shapes and two smaller blue wing shapes. Draw a line on the beak and some black on the eyes. If you're using colouring pens, colour your shapes on white paper and cut them out instead.

**Step 6:** Glue your pieces on your bookmark and you're done. Happy reading!
