

CORPORATE VOLUNTEERING

Together, the support we provide to local families experiencing hardship, can truly help change lives.

Stripey Stork believe that every child deserves the same start in life

Founded in 2013, we are a community-based charity and work across all areas of Surrey and Croydon, to support thousands of vulnerable families each year. We provide the practical items babies, children and teenagers need to give them the best possible chance to reach developmental milestones, attend nursery or school, and meet their potential.

DEVELOP YOUR CSR PROGRAMME

If your Corporate Social Responsibility policy offers your colleagues paid time off to volunteer during working hours, or if you are part of a team who want to help a good cause, then Stripey Stork would love to hear from you!

We can tailor our volunteering offering to suit your requirements and help deliver your CSR targets, from one-off volunteering team days to developing a programme of activity to take place throughout the year. We also warmly welcome individuals who would like to gift us their CSR hours instead of, or in addition to, taking part in a Corporate Team Day.

In 2024 we were gifted 2,433 CSR hours by our corporate partners. They tell us that spending time with Stripey Stork generated an enormous sense of pride and provided a valuable team building opportunity.

"We gave it our all and do you know what, when we left every single one of us felt incredibly inspired, motivated to do more and emphatically rewarded. We had given up our time, but we had gotten so much more back in return." *Fidelity*

"It is truly rewarding to take a moment, pause and spend some time giving back." *Pfizer*

"This was probably the best charity day I've done & I'd happily return in the future and encourage others to do so. A very focused and worthwhile charity."

INSPIRE YOUR TEAM

Volunteering as a group is one of the most impactful ways to encourage unity within a team, while giving back to the community. And although volunteering is ultimately a charitable act, it is recognised that corporate volunteering schemes benefit companies and individuals enormously, by improving morale and enhancing company spirit and performance.

WHO ARE STRIPEY STORK AND WHAT DO WE DO

At our warehouses in Reigate and second site in Redhill, we recycle, restore and rehome the items local families have outgrown and gift them to the most vulnerable families in our community, supporting a circular economy in a focused and meaningful way. **Local families helping local families.**

Stripy Stork receives requests for support on behalf of families in need from a wide range of referral partners and organisations – social workers, health visitors, schools & nurseries, family centres, food banks, women’s refuges, midwives and nurses. We collect new and pre-loved items for babies, children and teenagers up to the age of eighteen. These items include clothing, shoes, school uniform, school bags & equipment, moses baskets & cots, equipment for babies, toiletries, toys and books.

We have a core team of volunteers who sort, organise, safety-check and prepare all these items, so they are readily available to be distributed to families in need. A hard-working team of corporate volunteers can truly make a significant impact to our daily tasks, enabling Stripey Stork to quickly respond to the needs of the hundreds of families we support each week.

Corporate partnerships are key to Stripey Stork being able to deliver the lifeline service we are recognised for. We have dedicated members of staff who manage these alliances, we offer a hands-on approach and work closely with our partners to ensure we develop a mutually beneficial relationship.

WHAT OUR PARTNERS SAY

“What comes out of that warehouse is far more than practical; it’s the glue that holds communities together. The message that says – you matter, and we’ll help you get back on your feet.”

Lena Abdu (Alliance for Better Care Ltd)

“...It’s been a challenging year for the five of us. To get this help and support when we needed it more than ever was incredible – and it really restores your faith in humanity. You all do such an amazing job and make the biggest difference to people like me so thank you, from the bottom of all our hearts...”

“Volunteering at Stripey Stork is a meaningful and practical way to make a positive difference in our community. It's impactful to know that the tasks we did were directly supporting the charity and the donations we were sorting through were going out to families in need that very same day. We were well looked after by the team, and it was great to hear and understand more about the challenging circumstances of the families they support. This was one of the best corporate volunteering days that I've taken part in, and I'm extremely impressed by the charity's cause and achievements.” **Mark Till, CEO, Unum**

We are very proud that our work in the local community and excellence in voluntary activities has been recognised with the highest award a voluntary group can receive in the UK
